Global Distributed Work & Hardware Policy

Document ID: HR-POL-2026-08 | **Owner:** People Operations | **Date:** 04 January 2026

Eligibility

Employees in qualifying technical and professional roles may work remotely up to 100% of their contracted hours, subject to manager agreement and local tax compliance.

Hardware Provisioning

The company provides a standard corporate laptop, external monitor, and a one-time home office setup stipend of 750 GBP (or local equivalent). Personal hardware cannot connect to production systems.

Working Across Jurisdictions

Employees may work from an approved secondary country for up to 30 calendar days per rolling 12 months, provided no corporate tax permanent establishment risk is created.

Core Working Hours

To support synchronous collaboration across distributed teams, core working hours are established between 10:00 and 15:00 in the primary operating time zone of the team.
